T

PARTE RASERA X2

The image is a technical drawing of a mold part, specifically a side view from the bottom, labeled 'FRENTE LAT INF'. The drawing is enclosed in a rectangular frame. The part itself is a large, roughly rectangular shape with a slightly irregular top edge. It features a series of horizontal lines near the bottom, suggesting a stepped or layered structure. To the right of the main part, there are several concentric, slightly curved lines, possibly representing a different section or a detail. The overall style is that of a technical sketch or a CAD model.
